Subject: EPA Drinking Water Needs Survey - Karegnondi Water Authority
Attachments: MI0003563.xlsm; 2015 DWINSA Lists of Codes.pdf; EPA Cover Ltr for 2015 DWINSA.PDF; Documentation Policy Table (2-page).pdf; 2015 DWINSA Instructions for Systems.doc; Package Contents and Return Instructions.docx

Importance: High

John,

I am sending this out in Mike Prysby's absence. I believe he may have mentioned it to you previously.

The Karegnondi Water Authority community water system has been selected by EPA to participate in the 2015 Drinking Water Needs Survey. This survey documents the 20 year needs regarding all aspects of the KWA public water supply. The results of the Needs Survey are used to determine state allocation of federal revolving loan funds.

Attached you will find the following related documents:

- EPA Cover Letter
- Karegnondi Water Authority Needs Survey Spreadsheet form (MI0003563.xlsm)
- Package Contents and Return Instructions document
- Instructions for completing the Needs Survey
- Needs Survey Code Listing
- Need Code Documentation Table

PLEASE NOTE a Needs Survey for Genesee County Water System is being requested separately.

As the KWA was not requested to participate in the previous Needs Survey conducted in 2011, we are asking the KWA to complete the 2015 Needs Survey and return it to our office by October 1, 2015.

To assist you in properly completing the 2015 Needs Survey, Mike Prysby will be available to meet at the City with staff and you may contact him to schedule a meeting.

In the interim, until Mike is back, you may contact me directly with any questions you may have.

We understand the work needed to complete this Needs Survey will utilize valuable staff time, and appreciate your cooperation in its completion.

Stephen Busch, P.E.
