Subject: Fwd: MEDIA ADVISORY: DPW Water Quality Update
Attachments: Drinking water notice watermark.pdf; ATT00001.htm; Flint Letter Color Header to Water Customers Final.pdf; ATT00002.htm

See attached. This time around they are including a "Water Quality Report" with the notice to give some perspective.

I suggested that the good news re recent tests and levels be moved higher in the notice so good news info is read first. Don't know what rules/regs the notices must folo.

FOR PLANNING PURPOSES ONLY

MEDIA ADVISORY: The City of Flint Department of Public Works will be providing the media with an update on water quality.

WHEN: Friday, March 27, 2015 at 2:00pm

WHERE: Mayor's Office Conference Room, Flint City Hall
