Dana,

I have attached the 2011 CD report. I would like to be able to provide a draft of the 2012 report for Liane's review by December 17<sup>th</sup> or so.

Please take a look at the sections that identify or target the non-community systems. Primarily that includes the technical assistance, program efforts, training, and identifying needs/areas the program has provided additional assistance. We did talk about including some data on sanitary surveys and permits. If you want to edit this copy, I can use that to copy and paste after your changes. Let me know if you have questions. Thanks
