Attachments: Food Establishment Recommendations Ciktly of Flint Drinking Water Regarding Lead.docx

Attached are draft recommendations compiled by GCHD regarding food service establishments. We're waiting on information from Steve Bush regarding sampling. Once this is approved, it will be formatted to a hand out and sent to the approx. 400 food service type establishments in the Flint area.

Please review and provide comment as soon as possible.

Thank you,
Jen

Still waiting for water testing info. from GCHD.

The rest is finished as far as I'm concerned and can be shared with appropriate MDHHS and DEQ reps. For concurrence and comments. I'll send an update as soon as I have the final info.

Can you pass along to the right people when we have a version you want to share? Thanks.
