Subject: Marginal & Deficient Systems
Attachments: Schneider - Marg,Def - 06 19 12.xls

Attached is the current list of systems with marginal or deficient ratings. The first tab contains marginal; the second contains deficient. I included both the municipal and privately owned systems. If you see a "P" in the owner column, they are privately owned. An "L" means local govt.

I'll work on getting the system list and contact info to you soon.
