I attached the Eisenhower results as well as the Q&As we put together previously. Both of them are about two months old at this point.

Link to Freeman results, since I don't seem to have the PDF saved personally: http://michigan.gov/documents/deq/deq-fw-Freeman_Elementary_Final_Lead-Copper_Results_505556_7.pdf?20151201144105 and http://michigan.gov/documents/deq/deq-fw-Freeman_Elementary-Rpt-Final_505543_7.pdf?20151201144105

I'm also hunting down the final PDF graphic of the Governor's action plan. It got removed from the website at some point as more info came out.
