Yes, if you'll RSVP for us that would be great.

I'll let the Governor's office know that we plan to attend.

If we can still take the bus, we might as well save ourselves the hassle. If we're too late, then we can drive separately.

Liane,

I am available that day and can attend and would like to go. The RSVP indicated that they wanted a response by June 17. Do you need me to contact them about who will attend? Also they have bus transportation out to the intake site, were you planning on using this or do you want to drive out there directly?

Steve ---

I am planning to attend on behalf of the Director. Are you interested in going too?

Liane,

Per our conversation at the SMT meeting on Monday, Director Wyant would like someone from the ODWMA to attend this event if possible. You may also want to coordinate with the District Coordinator if needed. Please review and respond back directly to the Governor's office below and copy me.

Thank you.

Mary Beth

Happy Friday!

Our office has received a request for Governor Snyder to attend the Karegnondi Water Pipeline groundbreaking ceremony. The Governor's schedule does not allow for his participation. Please have your department review the invitation and follow up with us if it is recommended a representative from your department attend this event.

Thank you,

Karen Confer
