Subject: Monday Meeting - Raw Water Res discussion

Mike,

Attached are the response to MDEQ comments and a spreadsheet with some revised demand and system storage calculations to aid in our discussions on Monday at 1:30.
I did not attach the Grand Blanc Township and City of Flint emergency agreements but I have copies for Mondays meeting.

GCDC-WWS would also like to discuss log removal credits, CT values, and associated issues. Either Dave Jansen or John O'Brien will be coming with Tim Davidek and myself.

Call me if you have any questions.
Have a great weekend and we will see you on Monday at 1:30.

Thanks,
Dan
