Subject: 5-17-2005 Statement on Lead Service Line Flushing
Attachments: 5-17-2005 Statement on Lead Service Line Flushing.doc

I believe this was an article we published in Water Works News for other systems to consider. It is informative from the perspective of flushing service lines. I believe we have the full report by Malcolm & Pirnie. At some point in the near future, we should provide some perspective on Flint in VWNNews.
