Subject: RE: schedule meeting

I could be available this afternoon, after 3pm.

I would like to have Steve Busch, Lansing District Coordinator, participate on the call also. As ODWMA's Lansing District Supervisor, he's responsible for regulatory oversight of Flint's community water supply.

Liane J. Shekter Smith, P.E., Chief
 Office of Drinking Water and Municipal Assistance

Dear Liane,

I had sent the email below to you last week, and just resent it because I may have used the wrong email address in my original email. Would you have time to talk to us this week?

Best regards,
 Lut

Dear Liane,

My colleague Krista Wigginton and I would like to set up a skype meeting or conference call with you. We have been approached to perform water quality analyses for Flint residents. We have learned about the situation in Flint through various sources and have a good idea of the complexity of the problem. Rather than working with residents only, we would also like to involve the utility and appropriate MDEQ personnel. Brian Steglitz recommended we talk to you before approaching others. Would you be able to discuss this with us on short notice? We are available tomorrow and Monday.

Thank you in advance for your help,
 Lut
