Subject: Flint Supplemental

The Senate just passed House Bill 4102 and inserted a \$100 placeholder for DEQ and DHHS for the “City of Flint Emergency Water Services.” In talking to DHHS and SBO, DHHS already has spending authorization so we can simply transfer the revenue (a supplemental is not needed). I just wanted to make sure you are aware the bill is moving. I will leave a copy of the supplemental in your office or with Mary Beth.
