Yes. This project will decrease the Dwsd drinking water revenue, although the city has been all over the board on this issue. Please remember that this withdrawal has only been permitted for drinking water supply so far, with nothing for agricultural use.

Andy Dillon is getting pulled into this issue. Andy asked the Governor at the Group Executive meeting if the administration has a position on this project. The Governor said he needs to know more. I think we have all been approached on this project. Keith/Jamie, have you taken a position on this? Bill, am I correct in saying this will have effect on DWSD?
