Not yet, I will include them on my message to the district.

I suggest we forward the information to the district. I recommend we cc Sarah Howes and Brad Wurfel on your note. They should be alerted that there may be media and/or legislative interest.

Has anyone notified the LHD?

Subject: Utility shut off notices

Hi Liane. Tracie Pack sent me a list of addresses that the city of Flint has given water shut off notices to. There are 4 MHPs on the list. I asked her if she was handling it, and her response was "No – We've been informed that while the Act requires the utility to notify us, we have no authority to do anything with the information received." In the past, she would make contact with the community owner and try to get something worked out so the park wouldn't lose water. So I imagine there will be more cases now where an entire community gets shut off. In the past, when I got these notices I would pass them along to the district as an FYI. Is there anything different we should be doing at this point?

Thanks,

Debbie
