Wendy –

Please provide a copy of the subject correspondence to Steve Busch. Thanks.

Liane J. Shekter Smith, P.E., Chief
 Office of Drinking Water and Municipal Assistance
 Michigan Department of Environmental Quality

I found this in my deleted files, but it's in regards to the SRF also, and it was my understanding from Mike that the FOIA is in regards to drinking water issues. The letter he sent would be in the 5439-01 files and/or the 9204-01 folder, so this email or at least his letter is already available in the files on your floor.

I've drafted an acceptance letter which will be mailed next week. It will be under Sonya Butler's signature and state the requirements of the S2 have been met.

Hell Kurt. I have attached a letter detailing our progress on our self funded SRF project. If you have any questions please call me at (810) 577-8906 or email. We will also send a hard copy of the letter.

Thank you
