Subject: RE: Govenor's report
Date: Monday, December 07, 2015 11:04:00 AM

I have not heard from the District, but in addition to the school sampling and preparation of the final report for Brownell we worked on the following:

Developed draft sampling instructions/recommendations for lead and copper compliance sampling incorporating comments received from EPA Task Force. I believe this will be shared with EPA today.

Met with DHHS staff to assist with development of a Phosphate fact sheet/brochure. Still waiting to review the updated draft.

Subject: Govenor's report
Importance: High

Can you please send me items that should be included in the Govenor's report. I need them ASAP as I am currently working on this week's report.

Thank you!
George
