Subject: error in timeline

Tracy Jo...there is an error (I think) in the Flint timeline.

December 31, 2015 1st 6-month round of lead and copper monitoring ends. Results due from Flint to Michigan
Department of Environmental Quality on January 10, 2015 None

I think it should be December 31, 2014, as the next date on the timeline is in January 2015.
