CONSTITUENT INQUIRY: Folks - I am an architect that invented a water purifier that is THE best in the world, patent pending and insured. We hope to help the folks in Flint and Saginaw. We can filter the lead and arsenic cheaper than anyone in the world. www.Merlinecosolutions.com. We would like to set up an emergency station for "free" purified water and then also sales for a permanent application until the new public water supply is finished. Can you help?
Thanks, Joe
