Steve,

I will be in the Frank Balcer conf. room (8-4) reviewing the KWA S-4005 – 60% plans and the Flint WTP submittal. I will also need to look at the KWA S-4002 60% plans. KWA meeting on Thurs to discuss MDEQ comments on S-4005 and S-4002. Samir also wants to set up a meeting to discuss our review comments pertaining to the Flint WTP submittal. We can discuss the logistics with you and determine possible meeting dates with Flint folks.
