Gov. Rick Snyder signs bill authorizing funding for Flint to move back to Detroit water system

Temporary reconnection provides best protection for public health

LANSING, Mich. – Gov. Rick Snyder has signed bipartisan legislation that will direct funding to the City of Flint's emergency water services to reconnect the city's water supply to the Great Lakes Water Authority until the Karegnondi Water Authority pipeline is completed.

"This funding is a coordinated response to a serious problem and I'm pleased so many parties came together to help deliver safe drinking water to the city of Flint," Snyder said. "Reconnecting to the Great Lakes Water Authority is only the first step, as the state will continue testing and inspections to ensure Flint families and children have clean water in their homes and schools."

House Bill 4102, sponsored by state Rep. Al Pscholka, authorizes \$6 million to move the city back to Detroit's water system until the new pipeline is finished.

In addition to the \$6 million:

- \$300,000 goes to the Department of Environmental Quality's drinking water and environmental health services;
- \$1 million will provide for DEQ to test drinking water samples;
- \$1 million allows the Department of Health and Human Services to purchase and distribute water filters to Flint residents;
- \$850,000 will aid in follow-up services for children, including testing, investigations, and case management for those with elevated blood lead levels;
- \$200,000 will fund state plumbing inspections for schools and health facilities.
- The City of Flint city government will provide \$2 million toward reconnecting the water supply and the Charles Stewart Mott Foundation has committed \$4 million.

The bill was approved unanimously in both the House and Senate and is now Public Act 143 of 2015.
