Subject: phone call

I received a phone call that I think you need to take.

I tried to forward it, however I do not know if it went to your old number here or your new number downtown. (it does not give you the option of entering a number)

I have saved the message so you can hear it.

It was from David Sherborn 313-234-7471.

He is located in Detroit and works for the Department of housing and urban development.

He was calling with questions about the public housing commission in Flint.

Said he had spoken with City of Flint and wanted to know more about DEQs protocols about sampling in Flint.
