Subject: Budget Request
Attachments: Flint Supplemental.pdf

Jim and George,

Attached is a draft budget request for us to discuss at 3:30 today for the Drinking Water Program. I definitely need your input in terms of what specifically we would need the funding for (i.e. staff, contracts, equipment, etc.). At this point, I just put placeholders down to have something to react to. I am hoping we can revise the document at today's meeting, review with the Director tomorrow morning, and then send to the State Budget Office this week.

Thanks in advance for your assistance.

Amy
