The attached letters are being reviewed by DEQ and the Gov's office right now. I'm on a call but should be free in 10. Can I call you in 15-20 mins?

Hi all,

Two things:

- 1) Robin Erb with the Detroit Free Press knows about the parent letter for Flint. She wants a copy of the language for parents regarding what they are recommended to do. She said that parents keep telling her that they have no idea what to do. Her Sunday feature will be about Flint and will mention this letter.
- 2) She wants to speak with Eden tomorrow morning, if possible, for a general update about Flint. If we all agree that this is a good idea, this would be a good chance to preview the joint release we are working on with GCHD about the letters, and to reinforce the message about what parents can do.

I'm not saying this is the best timing for this conversation, but since she's doing a story for the weekend, if we can swing it, I think it makes sense.

Thank you,
