Eden & Sue,

I don't know how much information your staff has shared with you about the legionella situation here. MDHHS staff has been informed that we have received a FOIA from an attorney representing one of the positive cases who died. I am sending some info which was already shared with your staff as some background material FYI.

Julie Borowski just forwarded their summary report. It does not address all of our questions, but it is a good starting point. Please review and let's discuss outstanding questions so we can address them with her.
