Subject: REMINDER: Version 6 of Lead Protocol and Testing

Hello all,

Attached are the notes from our call.

Just a little reminder to:

- Please review version 6 of the lead protocol and testing, particularly areas in Aqua color for clarification or changes.
- Connect with the SharePoint site to review, suggest, or provide any documents that should go out with the cover letters. **Nancy will send a notice out to everyone when the letters going to primary care providers and day care provided ready to view.** (Please see attached instructions for how to use the SharePoint site)
- For our call at 9am tomorrow, we will need to discuss and hopefully come to near completion on these items: 1.) Finalize letters and materials for communications and 2.) Finalize protocol.

Thanks,
 Rashmi
