Bust this out and finish for Rashmi. I'm pretty sure Charlie is OK--but Rashmi asked me to send it to her tomorrow (Tuesday)--and in the event something happens, I don't want to leave you hanging (I also don't have internet at home yet)...

So:

1. I am waiting for you to approve the interagency slides for lead and HV
2. I need the interagency bullet points from Stan Bein for WIC
3. I need to address a comment with Rashmi--she asked me to change the MHVI or references to early childhood home visiting to MIECHV...I wanted to explain in an email that MHVI is the correct term, not MIECHV (I'm sure she thinks I mis spelled it...)
4. All done:)

Anyway, hope CAN went great! And HOPEFULLY, talk to you tomorrow!!!
