Subject: Plan

The Director has approved the attached plan and you are free to move forward with providing it to the Genesee County Health Department.

This version differs slightly from the version Eden sent as I cleaned up some acronyms and removed the date at the top of the page as it doesn't seem to be needed as you have an updated time for version control. I also changed the last point under communications because it just read "send resources to Flint" which could have been misinterpreted.

Thanks--g
