Subject: RE: 11182015 FLINT BLOOD LEAD CM - weekly status tracking form

Nancy, if we give the below talking points to Eden, are they accurate?

I think these would be some talking points for Eden:

The governor signed the legislation for funding on Oct. 15th.

Contracts were negotiated and in place by Oct. 23rd.

GCHD hired 2.5 staff and trained them by Nov. 10th; staff have begun to contact children and offer/conduct case management services.

There are 163 children with elevated blood lead levels reported since April 2014. Staff just started, but have contacted 5 families to offer case management, and have conducted case management on one of those cases (as of 11/13/15).

We expect these numbers to grow in the coming weeks.

One more update with newer numbers and addition to notes.

Do you want it sent to Karen before call? She had requested it prior to call.

I think Toni wants a copy too if you think it is alright.
