I agree with Toni - the case management contract with GCHD will be based on actual elevated levels (e.g. Priority 1), and CM will do outreach to those kids. They will not be offering CM to children who don't have a test showing an elevated level (e.g. Priority 2 and 3).

However, if kids from Priority level 2 or 3 DO have an elevated level, that would bump them up into Priority 1.

I don't think case management column under priority level 2 is pertinent pending conversations tomorrow afternoon. Although anyone needing case management will be followed by GCHD

I don't believe I have access to the Sharepoint you referenced, Emily.
 Can you please send the final draft around for review to everyone here?

I think GCHD needs to be a third column under testing methodology since testing can be done there. I may have missed this on a version.

Got it. I added "GCHD" under Case Management to help clarify this (I hope?).

Documents are now on sharepoint.

Mona, I apologize for missing your parent edits. I have incorporated most, if not all of them. Thank you for your help.

Subject: Updated
Testing Protocol
October 22, 2015

Good morning,

The updated testing
protocol document is
attached.

Based on emails from
last night, I:

1. Removed the
Hurley column
2. Did NOT include
2-1-1 in the testing
protocol

Let me know if you
have additional edits.

Emily
