Thanks, Toni.

I have a couple of questions pertaining to the reporting form we gave you – we need to update it to match the revised contract language, and I can see some other things that could be improved, would like to review those with one or more of you tomorrow, if possible. Who is best to include for that type of discussion?

Nancy

Yes I did say Sherry is a nursing coordinator but that means something different at Genesee County than it does at MDHHS. She reports to Jori and will not be making any budgetary or programmatic decisions. She will be making sure she and the other nurses stay on focus and early on she was the only nurse we had who knew lead.

Thanks, Toni – this is helpful information. Early in the process, Sherry was identified for us as the Coordinator for this effort. Is that incorrect? Or if correct, the Coordinator

role doesn't include budget/contracts? Just wanting to make sure we understand her role.

Hi Nancy and Karen,

One of our nurses working in Lead Case Management came to us concerned that you might not know the roles of Genesee County staff in the case management realm. If you have questions regarding budget or contract issues, that should be brought to myself or Jori. If you have questions regarding clients that would go to Sherry, Kim or Jan. If there are concerns about implementation process please discuss with Jori. I hope this is helpful.

Thanks,
 Toni
