Subject: RE: 2014 lead data

Thanks Martha. I had wanted to bring up routine surveillance at this week's meeting with Brenda, Nancy and Rashmi but we ran out of time, in part because we ended up not adhering to the agenda which often happens.

Bob told me about this request late yesterday afternoon. I had not been in the loop. I told him that these requests need to go through "chain of command" and Linda is going to f/u with Jennifer on this. I am going to be working with Bob to produce a 2014 annual report and Linda and I have already discussed how we need to make sure that methods are clear about case definitions (patti's being different from what Bob has been using) etc... So lots of work to be done. I am probably going to have Junaid work on a revised data analysis for the 2014 report – more to come.

Martha,

I assume you have seen these and reviewed and approved. Their format appears to be consistent with past years surveillance reports from CLPPP.

All –

A reporter with Bridge Magazine is requesting the statewide 2014 (and if possible, 2015) CLPPP data. Bob sent me the attached county-level info for 2014 which I have not shared yet, as it's not the final report.

We would like to touch base to make sure the data has been finalized and reviewed by epi before it's posted online.

Eden – we'll reach out to you in the morning to discuss the media request. Beyond the data, the reporter is also interested in discussing home lead investigations.
