Hello

Here is an updated file. Not much movement over last 2 weeks due to short weeks and holidays. No new file from Bob until this week. I added a column (B) to report week's lists numbers instead of the number being buried in the first column (A). It helped for the formulas. The columns shifted once to right to become C to O. We did open one child to case management during this time period.

Thank you

Kim Noble RN, BSN
