Subject: Pb informational materials conf. calls

Hello All,

Thank you to everyone who has sent in there Pb information materials to Michelle. Please continue to do so.

Going forward we will focus future conference calls on updating existing Pb informational materials with Pb in water messages. I see this moving toward a small group of health educators/technical experts working on the health education materials. We can discuss my suggestion on our next call.

Please let Jacqui Barr or myself know if you would like to be removed from this conference call list.

Sincerely,
Kory Groetsch, MS , Manager
