That's a great idea! Do you have any idea on the quantity needed for the mailers? I assume having them tri-folded and ready to go would be appreciated? ☺ What's your timeline on that?

Also, how many extra (not folded) do you estimate we'd need for the potential extra outreach locations? 100? 200? More?

Let me know and I'll get a quote and pitch it to our administration...☺

Michelle,

I'll share the update with our team. Yes, printed copies would be helpful. We are working with the City to include lead inserts with water bills to residents. Printed copies of "Lead and Your Body" and "Lead in Water" FAQ's would be ideal. The locations that you mentioned are also great ideas to get the message out.

Thanks Jim

Feel free to use...

I'm checking to see if we have any budget available to print...I was thinking it'd be nice to have them printed and distributed to local health clinics/doctors/city market/etc...to hang on bulletin boards or whatnot. Do you think that would be helpful or will social media/web distribution be enough?

I believe I have addressed all of our comm dept's issues, so I'd hope it won't be long...I'll kept checking the website...I wasn't really ever told about the last one....but I'll let you know when I find it or hear from them. :)

Thanks! It looks great. Do you have a time frame for the final "Lead and Your Body" FAQ?

Hi Michelle,

We have another edit request for the Lead – Flint Water FAQ. Please feel free to wordsmith the highlighted red. It might be appropriate to list under the second page heading "Have Questions?"

If you receive City of Flint water, you can contact 211 for more information on where to pick up your free water filter.

Thanks Jim

Hi Michelle,

The only edit request that I've received so far is from my health officer. Will you please switch the logo on the two fact sheets with the one below and send me the revisions?

Thanks Jim
