Childhood Lead Poisoning Prevention Program (CLPPP) activities related to addressing Flint water situation:

- Provided analysis of blood lead testing data in response to several administrative requests.
- Executed Data Use Agreement and supported IRB application for researchers from Hurley Hospital.
- Worked with Epidemiology regarding their analysis of CLPPP surveillance data regarding child lead levels in Flint and Genesee County.
- Worked with Communications Office to edit and share fact sheets/informational documents for immediate use by the general public (posted on our website).
- Responded to other administration requests and participated in briefing meetings to provide information pertaining to CLPPP program data, procedures, and documents.

It's for CLEPP. and for WIC, please.
 Thanks,
 Rashmi

Hi Nancy and Stan,

Per Rashmi, please submit a couple of bullet points to summarize what you did with the CLEP program, to me for the Bi-Weekly Briefing that's due today. It can be a combination of last week's and this week's activities. Please try to sum it up in one or two bullets a piece, or three if necessary. Thanks in advance.
