My revisions attached.

We will sort our unfollowed EBL's by PMD and get that info to Toni (anyone else? – it could also be a CHAP initiative – Toni, we can bring that up tomorrow).

Subject: Fwd: version with Hurley info

Good morning, Eden and Rashmi, it is 50 and sunny in Atlanta, looking like a beautiful day!

I see we have a 9am call about the follow up testing; I'm forwarding the file that Bob Scott sent me yesterday, that summarizes what is in the lists he compiled for us. Can one of you forward on to the other meeting participants as appropriate? (I'm on my iPad so it is a little harder for me to maneuver the files.). Thanks, talk to you about 9am.

Nancy
