Subject: MAPPP October Notes and Updates
Attachments: MAPPP Notes 102215.docx; MAPPP MPHHC 2015 Notes.doc

Good afternoon,

I hope you all had a very Happy Halloween. First – I want to apologize for ongoing problems with the MAPPP listserv (mapppp@mapppp.org), which seems to have culminated a couple of weeks ago with it not working at all when I sent out the agenda for our call on 10/22. I am trying to fix the problem. In the meantime, I have creating a mailing list with everyone in my Outlook contacts, which is what I am using for this message. If you want to send anything to MAPPP in the next few weeks, you can either reply to all from this email or send what needs to go out to myself or Karla Cody (karla.cody@hc.msu.edu).

I have just a few updates today.

- 1) Attached are notes from our meeting at the Premier Conference as well as notes from the MAPPP Conference call on 10/22. Please let me know if you have any corrections to either document.
- 2) Mark sent an update from the MDHHS STD section regarding the availability of azithromycin. They are experiencing delays from their pharmaceutical supplier and just received a shipment last Friday, which was more than a month overdue. They now are able to fill orders.
- 3) Mark your calendars -- The Epidemiology Conference will be **April 1, 2016** in East Lansing. More details to come regarding our lunch meeting during this event.

I am out of the office on vacation November 4 – November 16. I will be back in the office on the 17th and will send out the agenda for our 11/19 conference call then. While I am out, you can contact Karla Cody requests to send information or questions out to members.

Thanks!
Molly
