Hi Rashmi

Please see the inquiry from Senator Stabenow's office and advise if Ok to reply, and send the info we had previously provided to parents and providers on lead.

Or is there are other materials we should share.

Comments?

Thanks

Subject: WIC outreach

Hi Stan,

Hope you are doing well. I was curious if you could share some of the info and outreach materials you are providing to Flint participants about lead testing and RTE. We'd like to be consistent with the materials you are sharing so there is no confusion for participants. Would you mind sending is any materials you have been using?

Please let me know if there is anything we can do to help.

Thank you!

Jacquelyn
