On behalf of the Department, thank you again for your participation in this morning's call addressing the Flint Lead exposure. It seems each plan is actively working to inform beneficiaries and providers on this issue. In turn, the Department will work to keep the plans informed of the progress of lead testing in Flint. Please be sure to let us know how we can be of help to you in your efforts. Finally, we will notify each of you with the date for the provider gathering Dr. Wells mentioned will take place in January. We may need your assistance in assuring Providers are made aware of this meeting as well.

Again, thank you and best wishes for the holidays.
