Subject: RE: Comment for story regarding Flint water contamination

Greetings, Jeremy –

First, we haven't been served yet so can't comment on specific details.

What would say is that ... we're focused on moving forward and ensuring public health and clean, safe drinking water. The governor has outlined a detailed multiple step action plan for both immediate, mid and long term. He has also appointed a task force doing a very important job of reviewing all past actions. They are a bipartisan group of people of the highest integrity, experts in their fields and widely respected who are going to do a very thorough, objective review.

Just let me know if anything more needed at all.

Thanks and best,
SW

Subject: Comment for story regarding Flint water contamination

Hello,

I'm a reporter with Business Insider. I'm currently looking into water contamination issues in Flint, as both the NRDC and ACLU released an intent to sue the state and city government over the ongoing lead contamination.

I wanted to give your office a chance to provide any comments you'd like to include with the story.

Best,

Jeremy
