No, I know YOU know the definition! I'm asking if you're going to include it in the story so the readers know what Davis is actually accusing us of.

Do you know if he was on the council at the time of the request for the switch?

Dave:

You mean the deliberate killing of a large group of people, especially those of a particular ethnic group or nation?
Yes, I do.

Ron, I'll shoot you over a comment, but I'm hoping that you, in the story, are pointing out what genocide actually is.

Was Davis on the council when the council asked for the switch to Lake Huron water?

Hey Dave:

Just came out of our morning meeting and we've decided to write about the most recent Facebook comments of Flint Councilman Wantwaz Davis (who is also a candidate for mayor).

The comments are similar to those made last month by the president of the Michigan chapter of Al Sharpton's National Action Network, who said Flint water is "almost as bad as gas chambers for Jews." (We spoke out against those comments editorially after covering it as a news story)

Here is Davis' unedited comment, which includes his contention that the governor and emergency manager are "creating an obvious genocide against the residents of Flint."

Thanks,

Wantwaz Davis

It has become apparent to me that the emergency manager and Governor Rick Snyder is creating an obvious genocide against the residents in Flint, Michigan, who are forced to drink the contaminated, unhealthy water, that is going to commit an imminent danger to the lives of those who have a compromised immune system, and infants who biologically doesn't have a fully developed immune system. When I become mayor, I will certainly make the governor and all who took part in continuing to have the residents in Flint, Michigan exposed to this injustice and inexcusable danger accountable; this cannot carry on without someone becoming accountable and or responsible; It is so unfair that people in the future may contract a disease that will carry through the duration of their lives. The emergency manager is choosing finances and fixture of infrastructure, i.e., old pipes that hasn't been worked on for the past 60 to 70 years over lives and welfare of innocent civilians. Someone has to be charged with this neglect and imposition of danger amongst a helpless people; all of this is the effects of bad leadership. I must reiterate and can never say it enough, when I become mayor, which will be the best leader and or Chief administrator the City Of Flint, Michigan has ever chose. I will fight hard, not only against the unjust conditions we have long suffered from, but will make someone accountable for this genocide and address these unfortunate conditions around the nation and beg for the assistance of the Department of Justice (United States Attorney General's office) to do a through investigation, so in the end, if any one contracts a disease in the future, I would attempt to have them charged and brought to justice, including a civil suit, in the federal courts; someone has to be punished for the ills of the residents of Flint, Michigan. In conclusion, please vote August 4, 2015, for Wantwaz Davis for Mayor. Bad leadership and decision making has to come to an end at some point and time, and that will certainly be the day I am sworn in as your new mayor and Chief Administrator. This is a picture of reminder that in the past summer, I conducted 4 protest against the contaminated water and high water bills, I was telling people about the unhealthy water, before any notices came out to the public, attempting to keep these issues at the forefront, as mayor I will continue to fight even harder, these issues will not die until justice is brought to the people and someone is charged for this imminent genocide.
