Subject: seeking comment on ananich

Dave:

We just received this and understand the governor also spoke to Congressman Kildee today about the potential for state funding for lead clearing water filers.

As you see, Ananich is asking for strong consideration of switching back to the Detroit water source.

I'm interested in a comment from your office on these two suggestions, particularly the Detroit water switch since Ananich has put this in writing and a grass roots group that includes local pastors asked for the same thing in a news conference this morning.

Thanks,

Senate Minority Leader Jim Ananich (D-Flint) issued the following statement:

“My constituents and I believe the state must act urgently to provide concrete solutions to the public health crisis in the City of Flint. In speaking with Governor Snyder and his key aides today, I stressed the need to work together on a number of initiatives that will ensure safe water for Flint residents.

“My formal request included immediate and long-term solutions, including strong consideration for switching back to the Detroit water source until the Karegnondi Pipeline Authority project is complete. Anything less than an aggressive, comprehensive approach is simply unacceptable.”

A copy of Senator Ananich's letter to Governor Snyder [can be viewed here](#).
