Subject: RE: Health Endowment Fund

Dennis,

I spoke today with Jamie Gaskin, United Way of Genesee County. He is working with the Community Foundation of Flint and reported that the Community Foundation will be applying to us for a grant to help fund the purchase of Flint water filters. Please give me a call when you have a chance, and I can provide more details.

Thanks,

Paul

Getting a great deal of pressure to go to HEF for a contribution to buy water filters in Flint. I expect that this will build.
