Subject: DRAFT City of Flint Solution
Attachments: City of Flint Water Funding Solution.pdf
Importance: High

Colleagues,

Please find attached summary of where the State Budget Office believes we are based on this morning's meeting hosted by Director Wyant. This reflects the State commitment of resources towards provision of filters, reconnecting to Detroit Water & Sewage, and home/school/other inspections. Your quick review would be appreciated, since the Governor wants to share with legislative leaders yet today. I have included your budget officers to assist in the review.

Open issues are: (1) where to place the appropriation for the Flint re-connect and (2) whether (and what) boilerplate we may need/want.

Thanks.

Nancy Duncan
