Dave: I didn't know if Sara was in today or tied up, but wanted to make sure your office had the chance to respond to the letter from Congressman Kildee.

I hadn't heard back from her and am planning to post a story within the next hour.

Subject: request for comment on congressman's letter

Hi Sara:

I've attached a copy of a letter Congressman Kildee sent to Gov. Snyder last week concerning Flint water issues.

I didn't know if there has been a formal reply and/or if you would want to comment on it.

Thanks,
