Attached is a draft press release to be reviewed with the after action team tomorrow morning.

In addition, Rich & Harvey are vetting & reaching out to two potential Flint residents to join the task force:

1) Dr. Lawrence Reynolds, MD of Mott Children's Hospital, long standing and respected member of the Flint community, speaks his mind and very professional.

2) Dr. Clarence Philips, MD of the Hamilton Health Center that serves the indigent population in Flint. Again, long standing and respected member of the Flint community, speaks his mind and very professional.

Depending on which one is selected, Rich will invite them to the meeting tomorrow by phone or in person.

Suggested Timeline:

The task force members have indicated that 2 months is the earliest possible time to properly conduct a full after action report. In reality, they suggest 3 months is more feasible. Given the holidays, a 2 month timeline puts us roughly right around Christmas. I would suggest we set a 3 month goal.
