Kirby –

I believe I forwarded you this form previously (on 11/20/15), but a decision was made to only do one school that weekend. As a result, you may already have some forms printed for Potter Elementary.

Potter Elementary is the only school planned for sampling this weekend (12/5/15). At this time, we estimate a need for:

240 small (125 ml) bottles,
60 large (1 liter) bottles, and
300 sample forms.

Thanks.

Liane
