Richard,

This may be worth my involvement....not sure if I can become part of an out of office committee....I will also consult with Steve on this...

Michael Prysby, P.E.

Subject: City Water Tech Team

Mike,

The City of Flint has contracted with **Veolia** North America in order to have an additional review of the water system. As part of this review, we are working to develop a Technical Advisory Committee (**TAC**) that will that will receive reports and interact with the technical staff from **Veolia**. The City has identified 8 - 12 entities or individuals that we are extending an invitation to participate on this committee.

I would like to extend this invitation to you or your **designee** to be a representative on the **TAC** team which we hope to have established by early next week.

I understand that this is short notice but if you would consider the offer and confirm or deny your participation I would greatly appreciate it. We are hoping to announce the names of this team at a Public Works Committee meeting Wednesday February 18th. The details of the first meeting and the ongoing agenda which is anticipated to extend through the implementation of the **Karegnondi** Water Authority as a water source will also be unveiled next week..

Thank you,

--
