Subject: RE: Flint

It looked good but I've done a bit of wordsmithing. I like the tone better now as it shows we are continuing to provide compliance assistance even after identifying a violation and initiating enforcement. Be aware that compliance assistance is going to receive greater focus in the next term of this administration.

Subject: Flint

As per Richard's thoughts... here's a stab at adding some additional language to the letter....bottom paragraph was expanded and highlighted in blue...

Michael Prysby, P.E.
District Engineer
Office of Drinking Water and Municipal Assistance
517 290-8817
