George – I agree about the certification. However, it was my intention to refer them to the city as we normally would. DEQ is not in the habit of selecting vendors, equipment or remedies. That would be for the water supply to do. Any concerns with this approach?

Liane J. Shekter Smith, P.E., Chief

Liane,

In following up with this individual the first thing that would need to be asked would be that they provide their NSF certification for their device. Their certification status would need to be established before any further consideration could be given.

George

 Subject: GOV Log Letter - FW: Action Item [Novitsky] - Constituent Case Referral

Hi Liane,

Please see the GOV inquiry below (scroll all the way to the bottom). I will have Rosemarie assign it a GOV number on Monday.

Please call, set up a meeting, or respond by email **as appropriate**. If you feel this needs attention from the Executive Division or a response from the Executive Division, please advise.

Thanks.

Mary Beth

 Subject: Action Item [Novitsky] - Constituent Case Referral

Hello -

Governor Snyder's office has received a constituent inquiry from Joseph Novitsky .

To help us track the correspondence, we've assigned this inquiry the unique reference number of S290647.

I would appreciate a copy of correspondence exchanged with this constituent on Governor Snyder's behalf, but I understand you may be limited by law in what you can share. Please let me know if you are unable to follow up with this constituent or if you believe I have made a mistake in referring this to your attention.

As always, please do not hesitate to contact me with any questions or concerns. Thank you for your assistance.

Laura Stoken
 Office of the Governor

 TELEPHONE: (248) 433-2030

CONSTITUENT INQUIRY: Folks - I am an architect that invented a water purifier that is THE best in the world, patent pending and insured. We hope to help the folks in Flint and Saginaw. We can filter the lead and arsenic cheaper than anyone in the world.
www.Merlinecosolutions.com.

We would like to set up an emergency station for "free" purified water and then also sales for a permanent application until the new public water supply is finished. Can you help?
 Thanks, Joe
