Subject: RE: WRD - PEAS - Oil Sheen

I got the latest note from Chuck.

Good follow up with Flint.

(My original message was just "FYI", but autocorrect on the phone sent it as "Dying")

Steve,

Joanne gave me a head-up on this and I am contacting the WTP since this is not far upstream from their intake...

PEAS Form		revised July 23, 2014	
First Response please "Reply All" to receipt of this PEAS Notification ASAP. Media: Water County: Genesee Ticket # 1498			
Incident Description: There is a sanitary sewer that runs parallel with the Flint river that has had several line breaks. This is causing a sheen on the water. Some of this has solidified along the river bank and is white in color. This is approximately ¼ mile down the bike trail where Bray Rd. ends S of Carpenter. Whatever is coming out of the line, is coming out steady. Caller has photos if needed.
